Strategic Report

Year ended 31 December 2022

The directors present their report and financial statements for the year ended 31 December 2022.

In 2022 IWWF sport activities regained practically the pre-Covid level. Nevertheless, two World Championships were cancelled (Barefoot, Cableski) and the Under 17 Waterski Championship was postponed to 2023 but for non-Covid reasons. In addition, only one World Cup event took place instead of two stops planned. Consequently, this had an impact on our Sanction Fee revenue which is one of our major income source.

The organization of national and international competitions by the affiliated Federations reached again a level of the pre-Covid time. More than 700 events were organized and managed through the IWWF EMS Event Management System implemented in 2021. The system supports the event organizers and the National Federations managing the administration of competitions from the registration by the participant to the publication of results and Ranking Lists. The system works very well and enhancements and additions of functions are ongoing.

Regarding the war in Ukraine the IWWF Bureau has decided on March 3, 2022 that IWWF will not invite or allow the participation of Russia and Belarus athletes and officials in all IWWF approved events and not approve any event in Russia or Belarus. This decision aligns with the International Olympic Committee's recommendation of February 28, 2022. This policy is currently being revised to allow athletes and officials to participate in competitions, other than titled events, under the IWWF flag.

Finally, the financial year 2022 ends with a small surplus of USD 727.96 compared to a budgeted surplus of USD 40,000.00. The difference is caused by the reduced Sanction Fees income as mentioned above. Expenditures were generally lower than budgeted mainly because travelling after the Covid crisis were not yet on a normal level and travelling expenses consequently lower. Our balance sheet is very solid with a considerable cash position of USD 594,378.28 with no critical debtors. The Capital & Reserves amount to USD 660,575.69.

This report was approved by the board of directors on the 9th of October 2023 and signed on behalf of the board by:

Mr J A Pérez Priego, President
Director

For the year ending 31 December 2022 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors' responsibilities:

- The members have not required the company to obtain an audit of its financial statements for the year in question in accordance with section 476;
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of financial statements.

These financial statements have been prepared in accordance with the provisions applicable to companies subject to the small companies' regime.

International Waterski & Wakeboard Federation Limited

Company Limited by Guarantee

Notes to the Financial Statements

Year ended 31 December 2022

1. General information

The company is a private company limited by guarantee, registered in England and Wales. The address of the registered office is British Water Ski, The Forum, Hanworth Lane, Chertsey, Surrey, KT16 9JX.

2. Statement of compliance

These financial statements have been prepared in compliance with FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'.

3. Accounting policies

Basis of preparation

The financial statements are prepared in USD, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest USD.

The company constitutes a public benefit entity as defined by FRS 102.

The financial statements have been prepared under the historical cost convention modified for certain financial instruments.

Going concern

The directors consider the use of the going concern basis of accounting is appropriate because there are no material uncertainties related to events or conditions that may cast significant doubt about the ability of the company to continue as a going concern.

Disclosure exemptions

This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption other than where additional disclosure is required to show a true and fair view.

Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported. Accounting estimates and assumptions are made concerning the future and, by their nature, will rarely equal the related actual outcome. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Revenue recognition

Turnover represents income received and receivable.

Income arising from organising the IWWF World Cup is credited to turnover in the period in which it is received or receivable.

International Waterski & Wakeboard Federation Limited

Company Limited by Guarantee

Notes to the Financial Statements *(continued)*

Year ended 31 December 2022

3. Accounting policies *(continued)*

Income tax

The company is headquartered in Switzerland retains no management functions in the United Kingdom and is therefore considered to be exempt from United Kingdom taxation.

Intangible assets

Intangible assets are initially recorded at cost, and are subsequently stated at cost less any accumulated amortisation and impairment losses. Any intangible assets carried at revalued amounts, are recorded at the fair value at the date of revaluation, as determined by reference to an active market, less any subsequent accumulated amortisation and subsequent accumulated impairment losses.

Intangible assets acquired as part of a business combination are only recognised separately from goodwill when they arise from contractual or other legal rights, are separable, the expected future economic benefits are probable and the cost or value can be measured reliably.

Amortisation

Amortisation is calculated so as to write off the cost or valuation of an asset, once brought into use, less its estimated residual value, over the useful economic life of that asset as follows: -

Software	- 10% straight line
----------	---------------------

If there is an indication that there has been a significant change in amortisation rate, useful life or residual value of an intangible asset, the amortisation is revised prospectively to reflect the new estimates.

Tangible assets

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

An increase in the carrying amount of an asset as a result of a revaluation, is recognised in other comprehensive income and accumulated in equity, except to the extent it reverses a revaluation decrease of the same asset previously recognised in profit or loss. A decrease in the carrying amount of an asset as a result of revaluation, is recognised in other comprehensive income to the extent of any previously recognised revaluation increase accumulated in equity in respect of that asset. Where a revaluation decrease exceeds the accumulated revaluation gains accumulated in equity in respect of that asset, the excess shall be recognised in profit or loss.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Equipment	- Water ski and office equipment - 25% straight line per annum
-----------	--

International Waterski & Wakeboard Federation Limited

Company Limited by Guarantee

Notes to the Financial Statements *(continued)*

Year ended 31 December 2022

3. Accounting policies *(continued)*

Impairment of fixed assets

At each reporting period end date, the company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amounts of an individual asset the company estimates the recoverable of the cash generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the Statement of Comprehensive Income.

Financial instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into.

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in the profit and loss account in other administrative expenses.

Loans and borrowings are initially recognised at the transaction price including transaction costs. Subsequently, they are measured at amortised cost using the effective interest rate method, less impairment. If an arrangement constitutes a finance transaction it is measured at present value.

Environment & development fund

The environmental & development fund represents contributions for the purpose of promoting environmental awareness and development through education and the dissemination of information as it relates to water skiing and its derivatives.

4. Company limited by guarantee

The company is limited by guarantee and has no share capital.

The liability of its members is limited to £1 per member.

5. Turnover

The total turnover of the company for the year has been derived from its principal activity undertaken primarily outside of the United Kingdom.
