

IWWF International Hall of Fame

Minimum Requirements and Instructions for Pioneer Nomination

Thank you for taking the time to nominate a pioneer of our sport to the IWWF IHOF.

The minimum requirements for the Pioneer category are neither defined nor definable. This category is intended for extraordinarily exceptional individuals whose significant contributions were unprecedented and resulted in unique changes to the appearance and expression of our sport worldwide. It is the highest honour we can bestow to those that do not fall into the other two categories of honourees.

It must be stressed that the IWWF IHOF is the highest honour our sport can bestow and it is neither a long term service award nor a memorial award.

The IWWF IHOF is populated by those individuals who have made the most significant and farthest reaching contributions at the World Level and who have made such a tremendous impact on our sport that their legacy deserves to be memorialized, above and beyond all other qualified candidates.

The IWWF IHOF Pioneers are those few rare visionaries who, either through invention or innovation, or both, changed our sport to such a degree that it has resulted in a world wide and permanent significance to our sport as it is practiced today.

Please provide the committee with as much supporting material and history as possible, e.g. Newspaper clippings, photos, magazine articles, video, references (Federation, Confederation, Global), etc.

The Sport Division's IHOF Selection Committee members are in the greatest positions to help you assemble a nomination.
